

Getting Around Sunriver

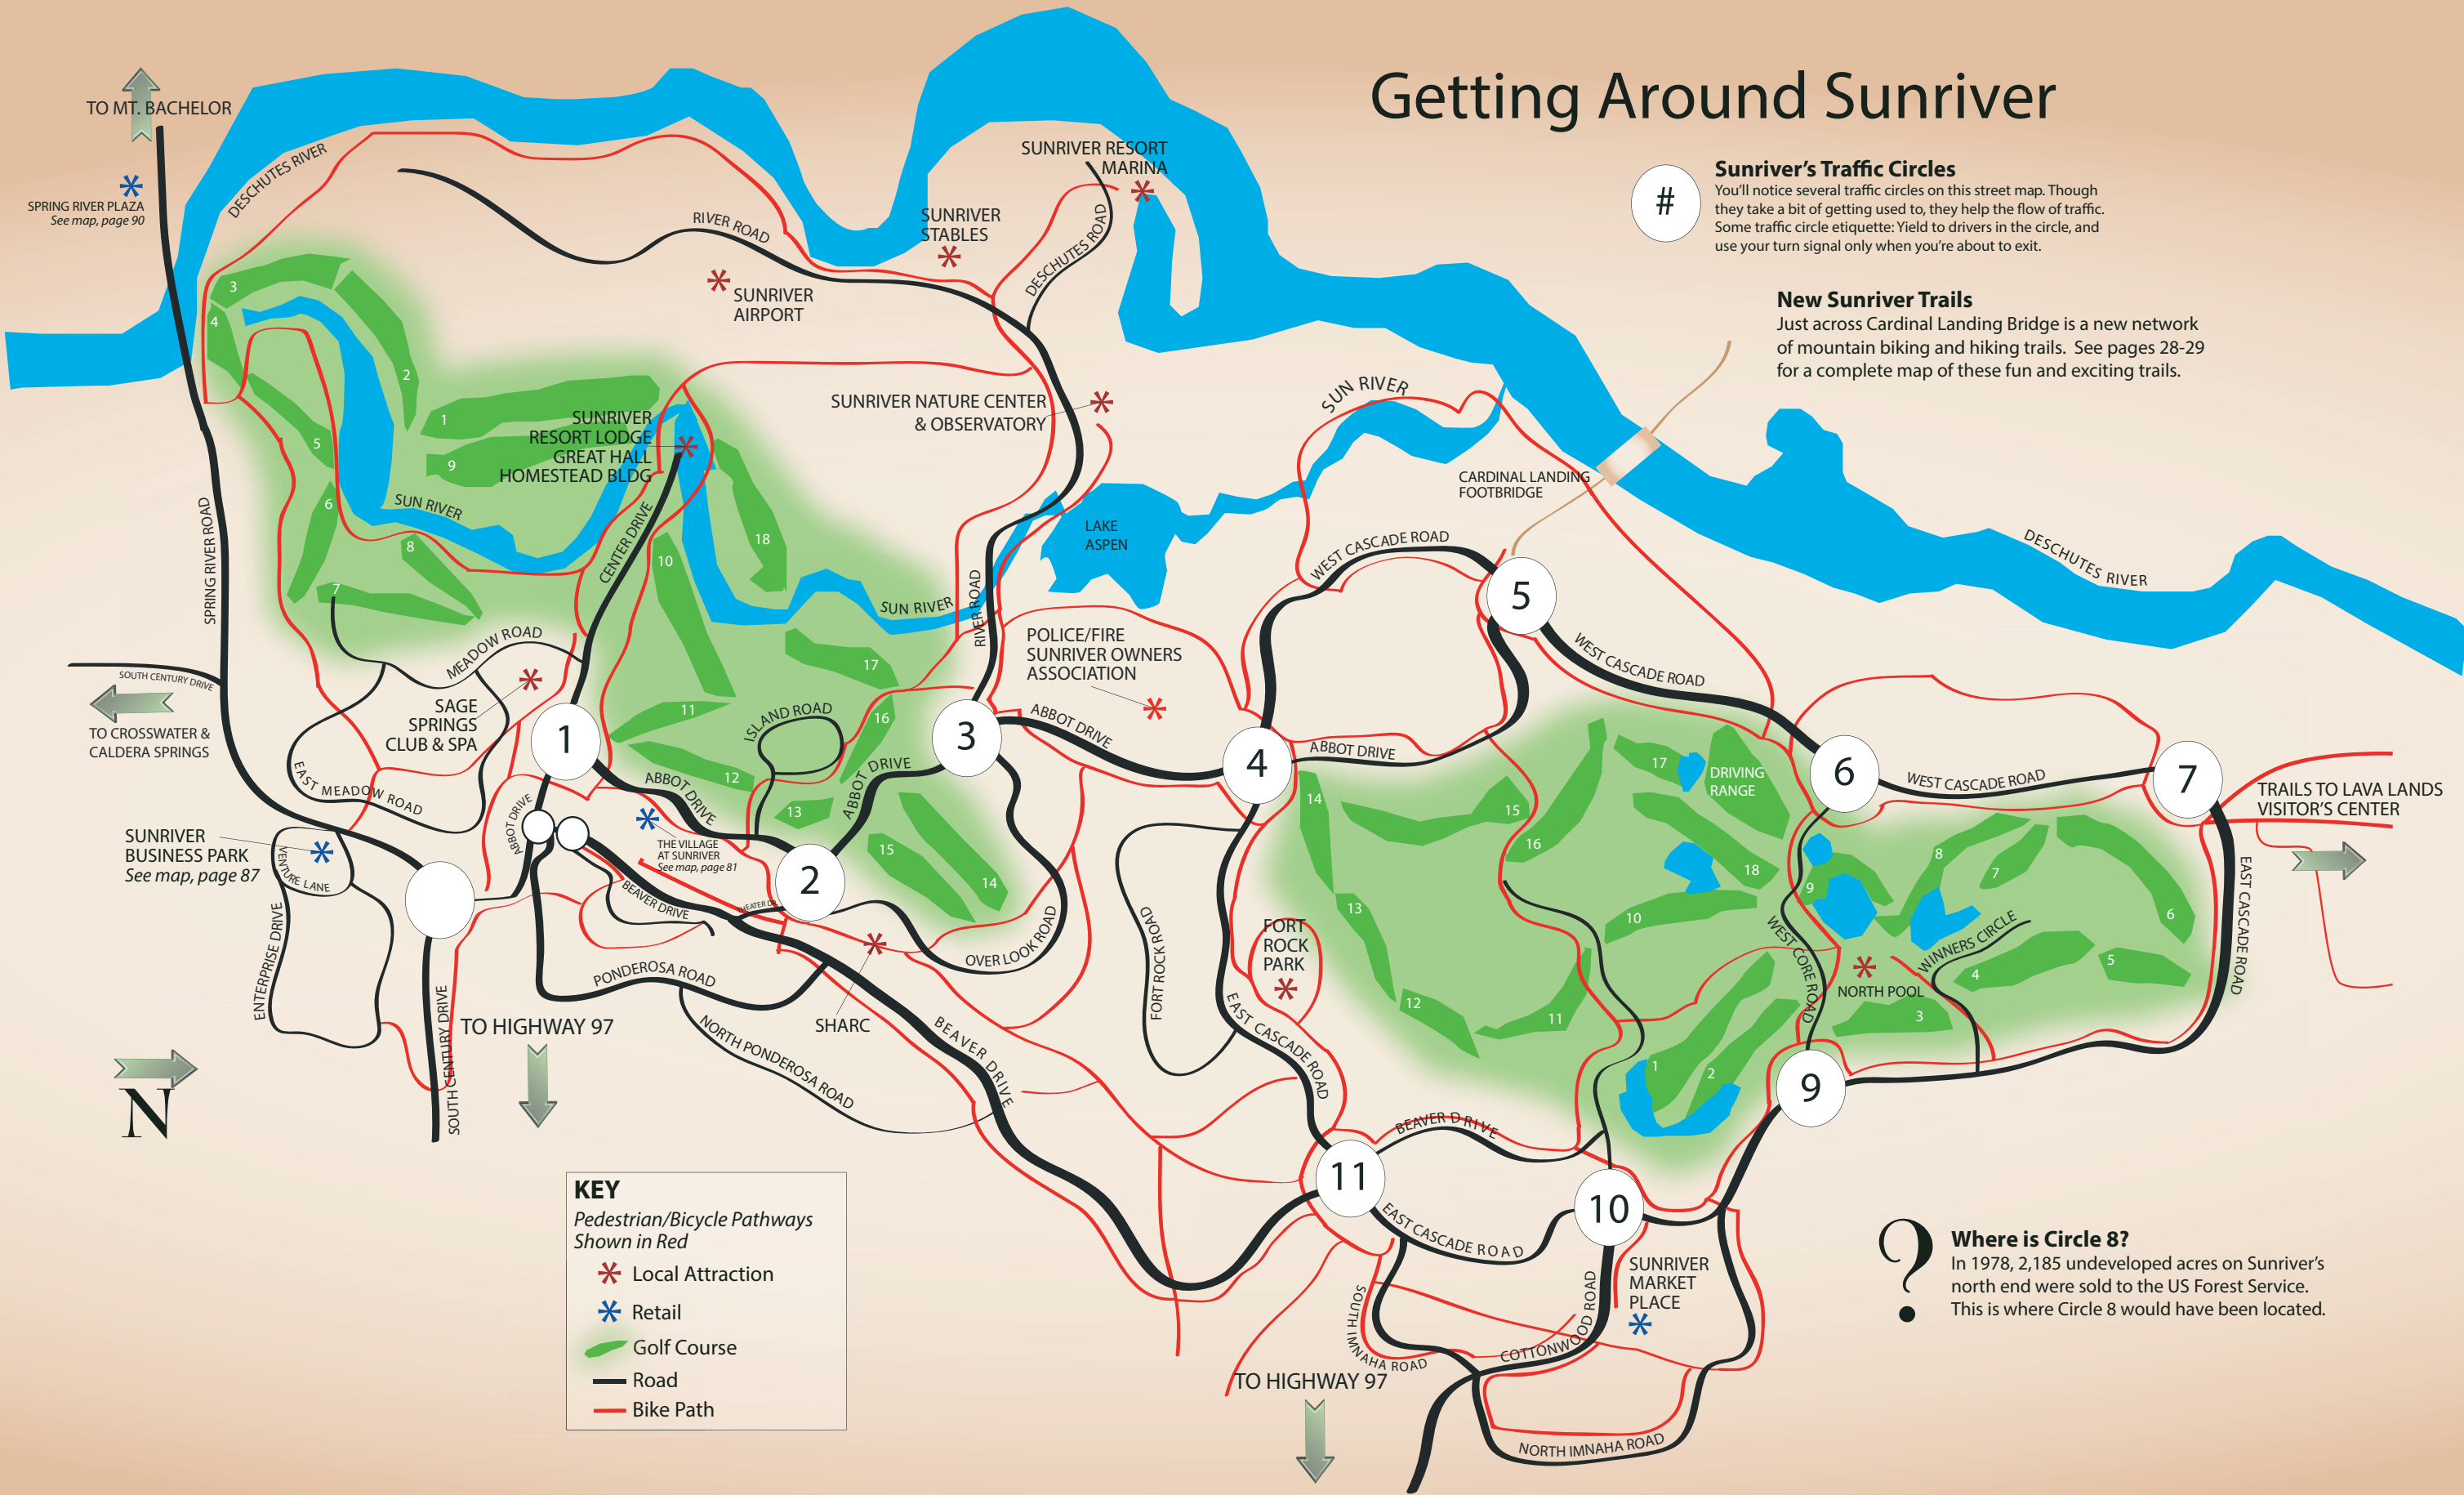

Sunriver's Traffic Circles

You'll notice several traffic circles on this street map. Though they take a bit of getting used to, they help the flow of traffic. Some traffic circle etiquette: Yield to drivers in the circle, and use your turn signal only when you're about to exit.

New Sunriver Trails

Just across Cardinal Landing Bridge is a new network of mountain biking and hiking trails. See pages 28-29 for a complete map of these fun and exciting trails.

Where is Circle 8?

In 1978, 2,185 undeveloped acres on Sunriver's north end were sold to the US Forest Service. This is where Circle 8 would have been located.
